<u>**Why you should use SIMPLE**</u> – **"Why use an expensive jackhammer when a SIMPLE hammer does the job just fine!"**
Benefits to your organization:
- Easy to use – SIMPLE simplifies the complicated task of integrating SharePoint with Content Server
    - Administration is easy as 1-2-3 from the perspectives of SharePoint or Site Administrators
- A low cost SharePoint solution that provides value - preserve your project and collaboration site knowledge
- Truth – the OpenText Application Governance & Archiving for SharePoint (AGA) tool set requires an organization to make a large financial commitment to purchase and support
    - Truth – boost your ROI – the cost to purchase and support SIMPLE is a mere fraction of the cost of your yearly maintenance fee for AGA alone
